

# EV PUMP AND EQUIPMENT

Optimizing solutions, advancing human progress.

# Specialty Pumps

## High-Flow Performance

Specialty pumps serve a wide range of industries, offering unique solutions for various fluid handling challenges. These pumps are designed for applications where standard pumps may not be suitable. They provide efficiency and reliability across industries such as food processing, chemical processing, oil and gas, municipal water, and more. At EV Pump, we specialize in offering a diverse selection of specialty pumps to meet the specific needs of each industry, ensuring optimal performance in every application.

## Accessories

EV Pump provides essential accessories to enhance pump performance, including packing materials, mechanical seals, electric motors, and controls. We also offer system design and skid fabrication services to ensure your specialty pump systems are optimized for efficiency and reliability.

## Common Brands

- Flomore
- LMI/Milton Roy
- Hydra-Tech
- Sump Pumps
- Grinder Pumps
- Gear Pumps
- Diaphragm Pumps
- NSF 61 drinking water certified pumps
